

Flip Productions / Infoflip Website – User Guide

1. Introduction

Flip Productions is the exclusive North American provider of **Infoflip®**, a compact, durable flip-style booklet designed to organize and present complex information. The website helps customers:

- Learn about Infoflip® products
- Explore use cases and industries served
- Preview samples through an interactive viewer
- Request quotes and start new projects
- Manage their accounts, orders, and tokens

2. Main Navigation (Top Menu)

Across the top of the website, you'll find the following links:

- About** → Learn about Flip Productions, their mission, and history.
- The Infoflip®** → Detailed information on what an Infoflip is, how it works, and available formats.
- Resources** → Helpful documents, examples, and additional information.
- Pricing** → Cost details, packages, or token-based system.
- FAQ** → Common questions answered about Infoflip and the site.
- Contact Us** → Contact form and company information.
- Get Started** → Primary call-to-action to start a new project or request a quote.

3. Home Page Overview

When you arrive at the homepage, you'll see:

- **Hero Section**
 - Introduction message about Infoflip®
 - Call-to-action buttons (e.g., *Get Started*, *See More Options*).
- **Infoflip Explanation**
 - What an Infoflip is, why it's useful.
 - Key benefits: compact, durable, customizable.
- **Interactive 3D Model Viewer**
 - Left click** → Flip pages.
 - Right click + drag** → Rotate the model.
 - Scroll** → Zoom in/out.
 - Purpose: explore a sample Infoflip.
- **Product Options**
 - Mini-Flip
 - Standard Infoflip
 - Large Infoflip

Options: multi-language, QR/barcodes, custom sizing.

- **Industries Served**

Examples: construction, healthcare, transportation, education, energy, mining, etc.

- **Testimonials**

Feedback from clients about effectiveness.

- **Footer Section**

Quick links (About, FAQ, etc.)

Legal info (Privacy Policy, Disclaimer, Terms & Conditions)

Contact details (phone, toll-free, address)

Social links (email, Twitter, Facebook).

4. Using the Site – Step by Step

A. Browsing Infoflip Options

- Navigate to **The Infoflip®** page from the top menu.
- Explore the description of the product.
- Use the **3D viewer** to see how Infoflip works.

B. Viewing Industries

- Scroll to the *Industries Served* section on the homepage.
- Click on an industry tile to see examples and applications.

C. Getting Started with a Project

- Click **Get Started** (from homepage or top menu).
- Fill in the request form with:
 - Name, company, contact details
 - Desired Infoflip format (Mini, Standard, Large, Custom)
 - Quantity and customization needs
 - Content or documents (upload, if required)
- Submit the form.
- A Flip Productions team member will contact you with details.

5. User Account Dashboard (For Registered Users)

If you create an account and log in, you will see a dashboard (like the screenshot you shared).

Dashboard Sections

Dashboard Home

Welcome message

Quick overview of your profile

Token Balance (currency used to pay for documents/services).

Orders

Track all past and current orders

Status: Processing, Completed, etc.

Click  to view details.

Addresses

Manage billing and shipping addresses.

Account Details

Update personal info, email, and password.

Purchased Documents

View and download purchased Infoflip-related documents.

Upload Documents

Submit new content/files for custom Infoflip creation.

Token Records

View how tokens were earned, purchased, or spent.

Log out

Safely exit your account session.

 - Current balance

8. Support & Contact

Phone (Local): [604-675-6920](tel:604-675-6920)

Toll-Free: [1-888-220-3547](tel:1-888-220-3547)

Address: Suite 400, 601 West Broadway, Vancouver, BC, Canada V5Z 4C2

Contact Form: Available under *Contact Us*

Social Links: Email, Twitter, Facebook

9. Best Practices

Always **log out** after using your account, especially on shared devices.

Keep your **account details updated** (email, password).

Track your **orders and tokens** regularly.

Use the **3D viewer** before ordering to ensure the format fits your needs.

Refer to the **FAQ** before contacting support—it may answer your question quickly.
